

Scala Capital

Investing in Early-Stage SEA Innovation

www.scalacapital.com

Who we are

Scala Capital is a family-backed investment platform expanding into early-stage venture investing in Southeast Asia.

Family Office Background

Real estate and operating businesses

Patient Capital

Long-term orientation, no LP pressure

Flexible Structure

Fast decisions, small decision group

Our Mission

Support ambitious founders building venture-scale solutions to real structural problems in southeast asia

Why Southeast Asia

Structural problems + growing talent + underfunded ecosystem
= **opportunity**

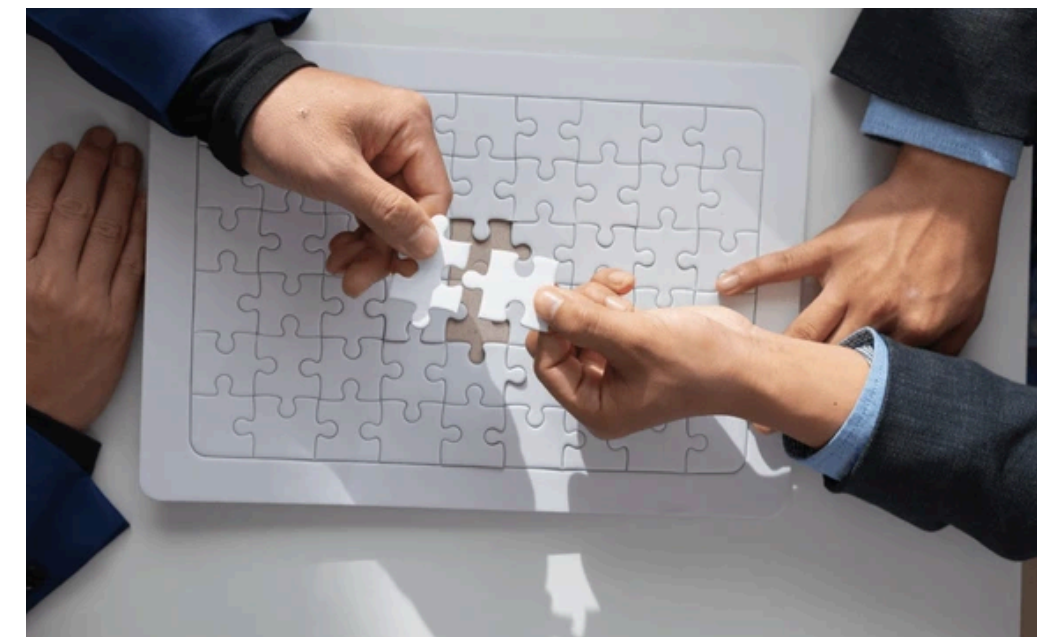

Structural Opportunity

Technology can leapfrog legacy systems

Founder Talent

Strong technical talent and rising ambition

Capital Gap

Early-stage funding remains scarce

Investment Focus

We look for

- Early traction or validation
- Venture-scale ambition
- Founders solving meaningful problems

Industry Agnostic

Technology

Software platforms and tech-enabled services

Automation

Solutions for operational inefficiencies

Productivity

Tools improving execution and coordination

How we work with Founders

What founders can expect

- Few decision-makers
- Fast investment decisions
- Direct communication
- Transparent feedback

How we support

- Strategic Prioritization
- Early structural guidance
- Cross-market perspectives

If you are building in this space,
we would like to hear from you
